Eczema == A Germ Disease Can Now Be Cured.

The Medical profession is all agreed that ECZEMA is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo, the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment is explained in an interesting book on the subject issued by the makers of ZEMO. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff, and all diseases of the skin and scalp. Call at Elvey & Huett's Drug Store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.

ANNUAL REPORT OF SELIM MICHELSON

He Had a Fine Outing and Says Chicago is the Center of All Interest this Week.

Selim Michelson returned home yesterday and filed his annual report of prevailing conditions east of the Mississippi river. He left Mrs. Michelson in Chicago with relatives, where she will remain until cooler weather. Mr. Michelson went east on the occasion of the "Bike" invasion of Detroit and did his share of hobnobbing during that eventful week. After the festivities he journeyed to Cincinnati and Buffalo, where they "put him off" and where he stayed until he got tired and then returned to Chicago. The rest of his vacation was spent in seeing things in the Windy City and in excursions hither and yon, up and down the great lakes.

This will be a great week in Chicago, says Mr. Michelson, the special order of business being the entertainment of the Knights Templar. Chicago is doing its best to make a record with this event. It has not had a concealer for thirty years, the reason assigned being that when the last one was held there the city did not show the warmth of welcome that was expected and the knights felt that they were rather shabbily treated. This year Chicago proposes to put up such a show as the knights never saw before, to demonstrate that the former incident happened in an off year when the real Chicago spirit was lacking. He says that lavish expenditure of money for decorations and illumination in preparation for the event when he left there, could not help but impress him that the city was preparing a concealer model for a week of hospitality to that other cities will find hard to excel. It was expected that during a week the city would entertain a half million visitors, knights and others drawn there by the festivities.

AMUSEMENTS

GRAND.

Your money's worth and then some at the Grand tonight and Wednesday night. "Mr. and Mrs. Honeybun" proved, as promised, to be a sure-fire hit. Lots of comedy, singing and dancing, an ideal entertainment for a midsummer night. Before the regular show the popular and clean little comedian, LeRoy Kinslow, entertained the big audience with a black-face comedy, singing, talking and dancing act that brought down the house. This boy knows how to please and can certainly deliver the goods; his original fantastic toe dancing brought much applause. Baby Gladys Echlin took four encores, with her number, a new march song success, assisted by the chorus. It has been a long time since this clever little miss has appeared before a Phoenix audience, and she received a splendid ovation. She appears during the balance of the bill. "Mr. and Mrs. Honeybun" is a good show. The wardrobe is all new and beautiful; the girls full of snap and ginger, so don't miss it.

Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition, its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by Elvey & Huett, quality druggists.

FINANCE AND COMMERCE

New York, Aug. 8.—The government report on the condition of grain crops on August 1, and the July statistics for the Producers' association were the two items of news which attracted the greatest amount of attention in the market today. The effect was rather that of repression than of stimulation of speculative activity.

The copper producers' report was well received, more from its contrast with the predictions of its contents than from a positive betterment in trade conditions to be inferred from its showing. The impression has got abroad that a substantial increase in the surplus of stocks on hand would be shown by the report. An increase of only 2,254,661 pounds was accepted, therefore, as an agreeable disappointment. A reduction from the month's production of 8,849,185 pounds compared with June indicated an extremely moderate restriction of output. The rise in the copper stocks in response to the report was belated; there was a long pause after the statistics were first published. The stocks broke again later in common with the whole market but showed much resistance. The engagement of the additional gold in London today was in accordance with expectations.

Bonds were irregular. Total sales par value, \$906,000. United States bonds were unchanged on call.

STOCKS.

Amalgamated Copper, 44 1/2; Smelting, 66 1/2; Atchafalca, 97 1/2; St. Paul, 122; New York Central, 111; Pennsylvania, 127 1/2; Reading, 138 1/2; Southern Pacific, 112; Union Pacific, 163 1/2; Steel, 68 1/2; do. pfd., 114 1/2; Silver, 53c.

METALS.

day to keep something on my stomach other than a hot water bottle, I met the venerable Chauncey Depew. As we had the deck to ourselves we soon fell into conversation. I said: "Senator, I infer from your presence on deck at this early hour that you were brought up on a farm, and there acquired the habit of early rising." He said: "Yes, and to that habit which I have never lost, I attribute the fact that I have buried most of the fellows who started out with me in public life."

He recalled with pleasure his visit in Omaha during one of the coronation balls of King Ak-Sar-Ben, which he attended. The other night he introduced as only the senator can in a most characteristic humorous manner—Miss Inez Mitholland—a beautiful young woman, 24 years of age, who addressed us on woman suffrage. Miss Mitholland is the young lady, who successfully led the shirt waist strikers to victory recently in New

York and against whom a suit for damages has been instituted by the shirt waist manufacturers. She is an American girl. She was introduced as the "Joan of Arc" of the woman suffrage movement. She says she is a militant suffragette.

All the men in the audience became violent partisans of the beautiful speaker at least while she talked as was evidenced by the collection, which amounted to \$135. She didn't carry away the women, however. She was entirely too good looking—Omaha Bee.

If your liver is sluggish and out of tone, and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by all dealers.
